YMCA CAMP HI-ROCK

CAMP WITH CHARACTER. PROGRAMS WITH PURPOSE.

YMCA THESSALONIKI

Building Friendships

We have a primary emphasis on friendship building. In our supportive atmosphere, campers learn to live together within a community governed by the character values of caring, honesty, respect and responsibility. Experiences are managed in such a way that relationship building skills are taught and reinforced at every opportunity. As a result, campers form friendships that often last well beyond the summer, and gain the lasting self-confidence that comes with their newfound interpersonal skills.

For All

At Hi-Rock, campers live with, learn from and develop lifelong friendships with people whose backgrounds and experiences differ greatly from their own. Our goal is to make camp a place where campers feel comfortable being their unique selves. We celebrate our diverse camp community and welcome all to the Hi-Rock family.
